

**MSAD 42**  
**No Child Left Behind (NCLB) Report Card**

MSAD 42 has two schools in its district. Students in grades PreK-6 attend Fort Street Elementary School. Students in grades 7-12 attend Central Aroostook Junior/Senior High School.

The NCLB Report Card is used to disseminate assessment information from Maine state assessments. This report contains a summary of the assessment data and data reports from each grade level that participates in assessments required by the state of Maine. The data is broken down by subgroups, daily attendance, and graduation rates.

The report card contains data for grades 3 – 8 and grade 11. At each of these grade levels students were tested in Reading and Math. Students in grades 5 and 8 were also tested in science. In addition to whole grade level data, information on several subgroups of students within the district are included in the report. When any subgroup has less than ten students, the data for that subgroup is not reported.

Average Daily Attendance (ADA) data and graduation data is reported and compared with the state's data in each category. Highly Qualified Teacher (HQT) data is reported with district data.

**Dissemination of Information**

These reports and a summary of the data can be accessed through the district webpage.

A copy of the report card can be obtained from the Office of the Superintendent at 36 Pleasant Street, Mars Hill, Maine.

Assessment data is shared and discussed with MSAD #42 staff at spring staff meetings.

The Curriculum Coordinator shares a summary of the results with the MSAD #42 school board.

All students receive handbooks which contain the district's website address.

Parents receive a report of their child(ren)'s assessment results.
